Murakami Sangyo Co., Ltd.

Services

Chemical Products Dept.

Since beginning with synthetic dye sales in 1899, our company has fueled regional industries with the power and passion of chemistry, helping them grow into leaders in Japan. Today, we continue to drive innovation by offering environmentally conscious, next-generation products — working toward a sustainable future of global coexistence and prosperity for generations to come.

Agricultural Materials Dept.

Established with fertilizer sales in 1915 and pesticides in 1929, our Agricultural Materials Department has continually supported the growth of farming. In recent years, we've expanded into greenhouse design and irrigation projects, providing comprehensive support to farmers. Our goal is to create and share a future where agriculture continues to flourish and evolve.
